

Masterkey CRM

Masterkey offers the ultimate user-friendly, web-based CRM software for sales, service, marketing, and call center operations. Our web-based software ensures that your data is readily available across your entire team at anytime, from anywhere.

Our software allows you to set up call center for a variety of purposes from logging new clients and distributing leads to communicating with customers and your team. A centralized database allows you to easily share all of your information organization wide, virtually eliminating communication breakdowns.

Powerful

Dynamic, intuitive and real time CRM features – 24/7, anytime, anywhere. Masterkey offers clients CRM functionality from call center management, lead distribution and management and more. Reach potential and existing clients ahead of the competition with our unique SMS capabilities. It allows users to pre-set an SMS to an event, which would be automatically triggered for sending. With Masterkey's real time CRM, your information is always up-to-date, and accessible by your agents anywhere in the world.
