

# Connect to property portals worldwide with Masterkey.

Masterkey has partnered with leading regional and international property portals in order to provide clients with the ability to advertise their property listings on different portals across the globe directly through Masterkey.

## Cut Your Advertising Costs

Online advertising is the most cost effective form of advertising with the ability to reach millions of potential buyers that traditional advertising medium cannot, for a fraction of the cost. Online advertising drives lead generation, higher traffic and typically higher conversion rates.

## Get More Leads

Increase your exposure to local and international markets by connecting with online property portals around the world. Enjoy the ability to specifically target your advertising efforts and increase both the quantity and quality of your leads.

## Sell and Lease More Properties

Streamline the process of editing and sending information to portals. With Masterkey, simply upload the property once, select the portals you want to send it to, and Masterkey handles the rest. That means more time with your clients closing deals and less time managing your online listings.
